OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 23 April 1975

25X1 [redacted]  
25X1 1. [redacted] Called Ralph Malvik, OMB, to report that the Agency is in full support of GSA's draft bills to amend 5 U. S. C. 5724a(a)(3) and (4) to liberalize conditions under which an employee may be entitled to subsistence expenses while occupying temporary quarters; and liberalizing code provisions which authorize reimbursement for the expenses of sale and purchase of a residence upon the transfer of an employee. No written response is required.

25X1 2. [redacted] At Mr. Cary's instruction, called Russ Rourke in the White House regarding H. Res. 400. I inquired whether his office had been requested for comments by the House Committee on International Relations and what the Administration's position was. I told him we had some special problems with this because of the section of our charter which exempted the Agency from the provision of any law requiring disclosure of the names, numbers, or functions of personnel. Rourke was quite sympathetic to our problem but said he believed this resolution was being handled by the office of Phil Buchen, Counsel to the President. He then suggested I call Rod Hills, whom he said had been newly appointed as deputy to Mr. Buchen and who would know what action was being taken. I subsequently called Hills at the number Rourke provided but he was tied up and said he would get back to me this afternoon.

25X1 3. [redacted] Called the office of the Senate Committee on Government Operations regarding S. 653, Senator William Proxmire's (D., Wisc.) bill to permit GAO audits of CIA accounts and operations. I was referred to Elizabeth Priest, one of the clerks for the Committee, who said that the bill had not been assigned to a subcommittee and that no agencies had yet been asked for comments. According to Ms. Priest, the Committee has taken no action on the bill whatsoever except to assign staff member Paul Hoff to handle it.

25. [redacted] Rod Hills, White House staff, called concerning H. Res. 400. He apparently had not been aware of this Resolution prior to my calls to Jack Marsh about it. I dictated the language of the Resolution to his secretary and Hills said he would follow up on it.

26. [redacted] Mark Kliman, in the office of Representative Les Aspin, called and said he has written his "essay" for Aspin on Russian and U.S. defense spending. He said somebody told Aspin the Russians were increasing their military hardware expenditures heavily, from 3% to 5%. He wanted to know if that figure is true and is it expected to continue. He also said that apparently the Soviets have increased the number of their divisions in East Europe from 1968 to the present. He wants to know if this amounts to an increase in the number of bodies, a change in division strength or what. [redacted] will check this out and if the material is not classified he will call Kliman directly.

EXCERPT FROM JOURNAL  
OFFICE OF LEGISLATIVE COUNSEL

Thursday - 17 April 1975

30. (Unclassified - GLC) Called Jack Marsh, Counselor to the President, and advised him of the request the Director received this morning at the briefing of the Defense Subcommittee of House Appropriations for the report the Director submitted to the President on 24 December 1974 on

STAT  (See Journal item 26) I also discussed with Marsh the Budget Committees and GAO audit problems saying I had the impression OMB might be ready to give up to the Budget Committees whatever they want regarding the Agency budget. I told him I would keep him posted on this. I mentioned Representative Elizabeth Holtzman's "Resolution of Inquiry" (H. Res. 400) regarding American citizens in South Vietnam. Marsh had asked that I keep him informed on these and related subjects.
